PPG MVP VIRTUAL LEARNING SESSION

ACCURATE METICULOUS DISASSEMBLY

Accurate Meticulous Disassembly, its **CRITICAL!**

Think about it... What causes technicians to STOP working and making MONEY\$\$?

Missed damage, missing parts, miscommunication, decisions not made, all of which leads to lost technician productivity, multiple supplements, longer cycle time, and low CSI. This session will focus on the process steps of meticulous disassembly, along with proper cell setup, pre-disassembly activities, and error-proofing the process and achieve extreme accuracy.

Don't let inaccurate disassembly turn your bottom line into a FLATLINE!

PPG MVP Virtual Learning Sessions are webinar based modules presented by MVP Business Solutions Managers.

These sessions provide key learnings on topics every collision repair center faces on a regular basis. Each module is designed to focus on learning objectives that can be implemented immediately.

Contact your PPG Sales Representative to get signed up for a session.
